

• Mountain View Elementary Building, Coalinga, Fresno County, California: 200 members and 120,000 square feet.

“The new building will be a great addition to our school district and will provide a safe and modern learning environment for our students.”

• Mountain View Elementary School, Coalinga, Fresno County, California: 200 members and 120,000 square feet.

“The new building will be a great addition to our school district and will provide a safe and modern learning environment for our students.”

- **Mountain View Elementary Building, Coalinga, Fresno County, California**: 200 members and 120,000 square feet.

The building, located on the corner of 1st and Main Street, was awarded the 2018 California School Architecture Award for its unique design and sustainable features.

The building's exterior is made of a light-colored, textured material that resembles stone or concrete, giving it a rustic yet modern appearance.

The interior of the building is spacious and well-lit, featuring high ceilings and large windows that allow natural light to fill the rooms.

The building's design includes a central entrance, a large multipurpose room, and several classrooms.

The building is expected to be completed in summer 2017.
